## THE RAIN

Repentance – Renewal – Restoration – Refreshing.

KICC BRISTOL - CV CLINIC

the KICC ROYALS - FLOW

**H**ello and welcome to this month's issue of SHOUT! What an awesome time we experienced during The Rain. We give God all the glory and we thank Him for visiting us; for the precise prophetic Word and for healing His people. We are grateful. As the month of March approaches we decree that your season of marking time is over. You will no longer march in one place without moving forward.

During this coming month we pray that you will march forward into victory, blessing and breakthrough. You will move into greatness and go forward in prayer and intercession. You will make progress in each area of your life: spiritually, materially, mentally, financially and physically.

In March, the presence of the Lord will triple in your life. There shall be no more delays, no more failure, no more disasters, no more difficulties, no more denials. Dead things will come alive. The power that rose Jesus from the dead will work in your life. No death is allowed. No lack is allowed. No breakdown is allowed. No isolation is allowed. You will celebrate in March in Jesus' name.

Every blessing.

## GOD CAN DO THE IMPOSSIBLE

Medical reports had confirmed that one of our

brothers could not father a child. However, today we testify and thank our magnificent God because He has made the impossible, possible for Mr and Mrs Chibuzor Agbadah.

Their second son was dedicated in November 2018. It was a great day of rejoicing in KICC Asaba. Hallelujah to the highest God.

## DIVINE PROTECTION

On the first day of the Winning Women Convention I was driving from work. While I waited at a roundabout before manoeuvring watching the cars. I had not noticed a cyclist who was already cycling past my car. As they passed I slowed down and noticed they looked back. I praised and thank God for delivering me from what could have been an accident.

However, it does not stop there on the last the November Wonders and Miracles (WAM) all night

prayer meeting. I was driving on the A13 in third lane when a van suddenly changed lanes without indicating. I swerved and somehow raised my hands. I only realised that I had raised my hands when they came down hitting a control that changed what I was listening to but I thank God that there was no accident and no one was hurt.

Finally, during a service Pastor Matthew declared that there shall be no loss in our families. Earlier this month my sister-in-law had to jump out of a moving public transport vehicle as it started to travel away from the direction she intended to travel. Although, she sustained some injuries she is alive testifying of God's goodness.

## HE LOVES ME!

I was asked to represent my late sister at her son's wedding in Nigeria. I had not been to Nigeria in 10 years. I prayed and asked God to protect me and go before me. One night I had a dream that a house was shrinking. I started to shout for the people to get out and just as I came out of the door, the house was swallowed by an earthquake and as I started going down I could hear people shouting. I prayed and went to Pastor Matthew to pray for me. I told him about the dream and my upcoming journey. He prayed and said "Don't worry all is well go and enjoy the visit."

Once in Nigeria I began preparing for the wedding which was a success. I returned to the UK and my husband collected me. He drove to his meeting and I drove towards our home. I was approximately 10 minutes away from home when I had an accident. I don't really recall what happened, all I know is that I saw myself heading towards a wall and swerved to avoid it. I hit the kerb and the car rolled over.

I could hear the sound of the petrol pouring out of the car and I could see smoke, all I could think about was getting out. I somehow smashed a window and climbed out. I realised that I was bleeding from passing through the broken glass and I heard people shouting, "How many people are in the car with you?" Another shouted "did you see the other car overtake her." I was not able to respond due to the shock. I felt like I was watching a film. My car was written off on the spot by the police and I was taken to the hospital where I went through a several of tests before being sent home. I thank God that he loves me so dearly that He kept me alive and protected me. Praise the Lord with me and help me shout Hallelujah to His Holy name.
