January - March 2020

# WATER Brook

PSALM 42:1  
RENEWAL

## The WaterBrook Revival

## Christmas Connect

## Watchnight 2019

## Welcome to this new edition of SHOUT!

**W**e have moved into a new decade and a New Year and it shall be a season of double blessings, favour and increase. The Lord will render to you a double portion of His anointing, presence, power, mercy, strength, goodness, glory, wisdom and victory. May you receive double strength for all your weaknesses. The works of your hands will prosper and you will not be double minded in the name of Jesus.

You will arise and Shine. Your season is here. You will experience the transforming power of God in 2020 – your year of Shining.

Every blessing  
Senior Pastor Matthew & Resident Pastor Yemisi Ashimolowo

## MARCH DECLARATIONS

In March I am marching forward into greater things. I refuse to be mark time on the same spot. I am moving forward into greatness.

Every satanic resistance is giving way for me in the name of Jesus I will go forward in prayer and intercession.

In 2020 I will go forward spiritually, financially, mentally, physically and in all areas of my life.

No more delays. No More denials. No more disasters. Dead things are coming alive in Jesus name.

## KICC ELIOZU WEDDING

## KICC ASABA WEDDING

## KICC KENYA

Friends and Family Sunday saw the community and invited guests come together in a atmosphere of celebration. Everyone enjoyed the services, food, fun and refreshments.

# TESTIMONIES KICC ELIOZU

## SIS S. A.

I started bleeding 3years ago after the birth of my last baby which lasted sometimes 2weeks or 3weeks straight with a break of just 2-3days and then it starts again. It was embarrassing and uncomfortable as sometimes I had to put nylon on my car seat and always take a change of clothes in case I got soiled even with the pads I always use. I could use as much as 10-14 pads a day. I became anemic and passed out at different times.

A pap smear and an ultrasound were done in which a growth was found on the lining of my cervix. It was discovered that i had ENDOMETRIUM HYPERPLASIA which is a tumor at the lining of my cervix. Immediately an Endometrium biopsy was done and I had STAGE 1B ENDOMETRIAL CANCER. I was to be scheduled for a HYSTERECTOMY where my uterus and cervix would be removed and the walls around it scrapped so that the cancer won't spread into the rest of my body...at this point I felt like the whole world was on my head, I was scared.

In the midst of all these, my husband had unshakeable faith, Pastor Chinedu & Mama kept praying & saying they believed only the report of the Lord. The tissue sample was sent to the Doctor who'll do the hysterectomy and then the unimaginable happened, the God of nothing missing and nothing broken showed up, the doctor sent back a report saying he could not find any cancerous tissue anywhere. At that point the bleeding had reduced. I was asked to report to the hospital if I as much as see any spot of blood but to the glory of God i have been perfectly ok and normal and the bleeding miraculously stopped. Indeed there is nothing impossible for God if only you believe. Praise God!

## SIS A. O.

I thank God for his faithfulness, around July 2017 I started feeling pains in my back, it got worse and began to cause numbness in my legs. By November I could barely walk, sit down, lift up my hands or do anything by myself. I wondered what kind of year 2019 was going to be. I had different scans done, saw different neurosurgeons & orthopaedic surgeons, home & abroad, had 2terrible procedures, spent weeks lying on my back on a wooden surface in the hospital, took all sorts of medications which I later began to react to. Through it all God remained faithful, I am still standing and getting stronger by the day, I can truly say God came through for me and 2019 was awesome. Though absent from work for a long period, I found favour, my job nor salary wasn't affected in any way. Protocols were broken to favour me. I give him all the praise.

## SIS P. U.

Early this year I started feeling a sharp pain by the left side of my abdomen. Sometimes the pain was so severe that I couldn't walk. After series of tests, the result came up that I had a stone in my kidney. I was really discouraged and afraid but one thing kept me though I kept my pain to myself but I keep telling God that I couldn't serve him and go empty handed.

On a Sunday we came to church and pastor was making some declarations. He said kidney stone is gone I was shocked I quickly opened my eyes and looked at pastor immediately I claimed it and continued believing God.

After this I visited the hospital on the date the doctor gave and guess what brethren there is God in Heaven, the one who sits on the throne. The test this time came out negative, kidney stone had disappeared.

Indeed it is good to serve the lord. Hallelujah.

## SIS C. O.

One Monday morning, my husband was about to go back to work and for the first time in his life, gathered his children for a serious prayer session saying he will come back and meet us. A lot of thoughts went through my mind, to be sincere I was afraid, After some Hours on the same day,

my husband called saying a terrible thing had happened, he missed the helicopter that was supposed to take him to the work site platform by 5mins. They called and told him they couldn't wait for him, within the twinkling of an eye, the helicopter crashed, none of their bodies were found, infant the fell inside ocean. This is how my husband was exempted. The covenant of nothing missing and nothing broken spoke over his life, I give God praise.

## SIS G. O.

I will always be grateful to God that heals all diseases. Last year December, I had severe pain in my two eyes so I visited the eye clinic thinking it was an eye problem. The optician did all he could for several days but the pain kept growing worse. This resulted in me being referred to the opticians at UPTH. After tall scans I was diagnosed with sinuses infection which according to them required a surgery to stop the pain. Initially I rejected being operated on, but after some days when the pain became unbearable I agreed for the procedure to be done. I was booked for it on the 23rd of December 2018.

I prepared for it and I prayed believing God to show up as the balm of Gilead for me. A day to the operation, I was referred to another doctor who God used to treat me without any surgery. On the first day of treatment, I had significant relieve from the pain and the surgery was cancelled.

## SIS F. M.

Since then my healing has been perfect. PRAISE GOD!!!!!! I give God all the glory. I want to share this testimony to the glory of God and shame of the enemy. In 2017, I got pregnant and lost it at 8weeks, got pregnant again after 6months and still lost after 6weeks. So, I visited my doctor and all manner of test was conducted but couldn't find anything wrong. But in all I kept faith alive. In 2019, I got pregnant to the glory of the most High God and my Baby in October 2019. Thank you Pastor for always giving us the courage to stand firm and believe God's word concerning our situation.

## BRO O.

He was kidnapped in front of his street.

As they drove through the road, he was kept under one of his captors at the back seat. As they got to a busy junction, he tapped the lock open and jumped out from the moving vehicle. To God be the glory

## BRO D. O.

Brethren, I share this testimony to the glory of God and to the Shame of the Devil. There is this evil reoccurrence that I have been experiencing. In all the places, I have worked, within a period of two years, I will get be sacked or place on redundancy in some cases the contract will be over. I have not work in a company for more than two years. This kept happening up till my present job. In 2019 precisely, which supposed to be my second year on my present Job, I started having severe headache in the field and I was booked out for checkup. After seeing the Doctor, I was certified fit to resume but my company refuse to book me in for no reason. The HR also refused to take my calls anymore. As this POINT, I OBSERVED THAT THE UGLY REOCCURRENCE WANT TO HAPPEN AGAIN. I started praying for God's intervention

Within the first week of January 2020, God used our Pastor ( Pastor Chinedu) to prophecy and he said "someone here if you did not lose your job last year, you won't lose it this year" I shouted Amen, and I keyed into that prophecy. That same month God confirmed his word. Same people who didn't want to see me, send me a mail that the MD wants to have one on one meeting with me. During my meeting with the MD, I observed that God was really at work. The MD apologized for the delay and requested I resume work immediately, with all arrangement in place. Brethren that was how I retained my Job and broke this vicious circle. I say may his name alone be highly praise in Jesus name Amen.

# TESTIMONIES KICC ZIMBABWE

## BUSINESS BREAKTHROUGH

I had a big order to fulfil and sourced the goods from a particular supplier in Harare and placed an order for 1000 units. When I arrived at the premises, the staff informed me that the owner of the store does not accept the local currency for big orders and payment would have to be in US dollars. At hearing this I became discouraged. I suddenly remembered something Pastor Phiri's wife had taught us on prayer; that we could pray at any time and in any place. I walked away from the staff and pretended to be browsing. I said to Jesus "I need you now." As I was pacing and praying a gentleman came into the store who unbeknown to me was the owner. The staff told him about my order and he asked them to call me. They then proceeded to inform him that I wanted to pay in the local currency. To all our amazement the owner simply responded "so what's the problem? She can pay in the local currency." Jesus, came through for me. I was so relieved as I did not have the dollar equivalent and the order was to be fulfilled for my client in only two days. I thank God for his faithfulness and for being my real and present help. Thank you Pastor Nkulu for all faith building teaching we receive in KICC Zimbabwe. O

## SAFE DELIVERY

Earlier this month my granddaughter in Malawi was in hospital to deliver her baby. I received a call from my daughter telling me that my granddaughter had been in labour for 3 days and now everyone was really concerned. I called Pastor Phiri's wife and asked her to pray in agreement with me for the safe delivery of the baby. Pastor's wife prayed with me and declared "the baby will not die. Your

granddaughter will deliver safely and you will hear good news."

To God be the glory my granddaughter had a healthy baby boy. I thank God for KICC Zimbabwe, a wonderful Church where good things are happening here.  
G.M

## THANK YOU

Dear Pastor Phiri, my mother is a member of KICC Zimbabwe and I just want to say thank you. I am so happy that my mother and sister have found a good home to worship God. I live in Malawi and will come and visit my mum and the church soon. C

## NO LOSS

In January I came home on holiday from University in Malaysia. My dad picked me up from the airport and when we got home, I realised my laptop bag was missing. I was worried because my passport, university documents, assignments from my first semester were on the laptop and in the bag.

I started to really worry thinking about going back to university in a few weeks. It would be so difficult to replace my passport and visa. It's a lengthy and expensive process. On Sunday we went to church, I told Pastor Phiri's wife what had happened. Calmly she told me "do not to worry. There shall be no loss and they will find your bag."

Two weeks later I found the customer service number for the airport and called them. When I informed them what had happened they said, "We have your bag and have been trying to contact you." I thank God for His promises are yes and amen. I can go back to university without any problems, having completed all my assignments. J
