Welcome to the October issue of Shout!

October was our month of Abundance in KICC and we thank God for the abundant grace, goodness and mercy we have and are experiencing. We give God the praise.

This is certainly a year of overtaking in KICC. Next month we are looking forward to our 20th annual Winning Women Convention! It is going to be awesome. The teaching will be

astounding, there will be precise prophetic Word and prayer, and the worship will be beautiful – and of course there will be the Breakfast at the Palace. Invite your friends and join Pastor Yemisi and guest speakers for 5 powerful days in the presence of God.

Shout! will feature as many photos as possible to showcase the Winning Women convention, but you need to be you need to experience this for yourself. Come and be refreshed. Come and let God ignite your spirit, so that you can go out there and do what God has purposed for you to do.

*Senior Pastor Matthew & Resident Pastor Yemisi Ashimolowo*

# BRANCHES & CHAPELS UPDATE

## KICC OXFORD

FAMILY MINGLE AND BAKE OFF

# KICC BASILDON

## FRESHER'S FAIR

Campus Outreach at the Fresher's Fair at University of Essex, Southend Campus Fresher's Fair on Wednesday 4th October.

KICC Basildon had a stall at the Fresher's Fair. This was a great opportunity to manifest the vision of the house and reach out to the community to proclaim the Gospel of Christ to students.

Students engaged well with the team. One KICC Basildon member said: "It was a fun and enjoyable experience to interact with students from different backgrounds who both Christian and non-believers."

## HEALTH AWARENESS OUTREACH

Health awareness outreach at Basildon Town centre on Saturday 23rd September 2017. It was an opportunity to proclaim the Gospel and offer free and confidential checks for blood pressure, eye health, blood sugar, BMI and healthy living advice. The event was open to all individuals living within the Basildon community. Many members of the public had health checks completed and were able to hear the word.

## TRAINING AND COACHING SESSION

Training and Coaching (TAC) session at Wat Tyler Center in Basildon, Essex on Saturday 16th September 2017.

The session was an opportunity to train KICC Basildon stewards. It provides an opportunity to discuss and review past and future goals while challenging stewards to be committed and walk in the vision of the house. The theme was 'Excellence'. Stewards were encouraged to reflect excellence as they serve God and encouraged to identify how we can improve in different departments of the church to ensure that we are walking in excellence. Stewards engaged in activities including goal setting for departments, reflecting, presentation and other activities.

# TESTIMONY TIME IN KICCs ACROSS NIGERIA

## KICC MARYLAND

**I**xperienced severe intermittent pain in my right breast for about two years. During the last Healing and Miracle service on Sunday September 3rd, Pastor Femi called people experiencing specific challenges to come to the altar for healing. After he prayer Pastor Femi asked everyone to put their hands on the place where they needed healing from God. I placed my hands on my right breast and prayed. When I got home I checked myself and discovered the pain had gone! I waited for two days and checked again - no pain. I realised that JEHOVAH RAPHA had healed me. Thank you Pastor for allowing yourself to be used by God in this generation. God bless you Sir.

*Esther Bulus.*

## KICC ELIOZU

**O**n August 13th 2017 my younger sister was kidnapped as she returned home from visiting me. The next day the kidnappers called me, demanding 10million Naira to release her. I said "where on earth will I get that kind of money from?" They told me if I loved my sister and didn't want her to die I would find the money and pay it. I called a Pastor and the Head of Department I serve in and they prayed for me saying, "we serve The God of nothing missing, nothing broken." Not long afterward the call the kidnappers called again asking if I was ready to pay. I was not, repeating the question I had asked on the first phone call. The following day the kidnappers put my sister on a bus and released her. I give all the glory and honour to God.

*Sis J.S.*

## KICC GRA PORT HARCOURT

**O**ne day my brother called me and said I should look for an International school that would be willing to sponsor my Master's Degree. I had been working for KICC GRA for 3 years and thought it was a joke so, I decided to visit my brother to discuss the matter. He revealed that he had been quite restless about the matter and it was time for me to start making enquiries. I took the matter seriously and started making enquiries. Just like a dream God made all the financial arrangements so that it became a reality. Thank Pastor Dan for the opportunity to serve in the church. God is indeed in KICC GRA. Thank you Lord you are a rewarder of those who diligently seek you. Hebrews 11:6. I give all the glory to God.

*Sis. Stella Udonsi.*

## KICC ABUJA

**I**went for a routine ante-natal scan, as requested by my doctor. When the doctor saw the scan results he informed me to prepare to be induced as the placenta had stopped supplying food to the baby. My estimated delivery date was still three weeks away. However, the following morning I was induced. The labour started and progressed smoothly but there was a point when the enemy tried to come and steal. I

stood on the word that does not fall to the ground, knowing the matter was settled and after a seven year wait I delivered a beautiful baby girl. Glory to God. God also re-arranged and re-organised events to favour me, as my husband was also due travel for two weeks on the day I was originally estimated to give birth. The naming ceremony of our baby was held and as it was my birthday, what better gift could I have received? Thank you Lord. If you are believing for a testimony like this just know that with God all things are possible. Praise the Lord!!!

## KICC ABA

**G**od has been so gracious to my family, we are blessed with Divine Life and Health, and He takes care of us in our mistakes. God gave me a beautiful land piece of land in Awka south, Anambra, and He also enabled me to build and finish my house at Nnewi. I had an accident where bikers hit me four times, but Jehovah delivered me. And one day, while out walking with my wife, I fell into a ditch covered with iron. I couldn't walk for days and was then told my typhoid level was high. During this time my wife and children were experiencing high fevers. BUT God in His mercy healed us all. He is faithful. I give him praise.

# TESTIMONIES

## TESTIMONY TIME AT KICC OXFORD

**A** brother got a job as a Project Manager without prior experience. Also, his visa had expired which the organisation was aware of. They went ahead with the employment but waited for him to sort out his visa before commencing work with them at the start of September.

*Image posed by models*

**A** sister completed her Master's Program at Oxford University free of charge. She was also asked to write a chapter in a book that the university is publishing. She will be the first author of the book. She also applied for a standard teaching position at a school in Oxfordshire and got the job with a huge pay rise. The headteacher also created a leadership role for her within the department. Hallelujah! A double promotion.

**A** brother experienced supernatural debt cancellation of over £5000.

**A** sister from East Timor joined the church and gave her life to Christ during the Sunday service. Her English is limited which makes understanding the messages a bit challenging for her, but God made a way. She has been understanding the messages by writing the scriptures displayed on the projector and later checking them in her native language Bible at home. To God's glory she is now a regular member of the church and she's half way through KBI Baptismal class.

## THE BLOOD OF JESUS

**I** want to start off my testimony by thanking God for my life; He has really shown His glorious mercy towards me during the years. Two weeks ago I was informed that I had to be in Prayer City, to serve during the Bible Study. I finished work early that day, so I made my way home in order to freshen up and prepare for my journey to Prayer City. Before I left home I received a call from my HOD advising me to leave home on time as I could not be late.

As I was driving on the motorway, about 10 minutes away from Prayer City, I heard a loud noise. I suddenly checked my mirrors to see whether everything was okay in both lanes. A few seconds later, my car tumbled. At a point I had no control of the car. I shouted out "Blood of Jesus!" As this was happening, my car flipped from the overtaking lane to the middle lane, to the slow lane. My car rolled into the bush, collided into a massive tree and then stopped.

A young woman, who happened to be the matron in Medway Hospital, approached me immediately to check whether I was okay and still alive. She made sure that I turned my engine completely off to prevent a fire, then she and some other drivers called the emergency crew for me. At the time of the accident an empty ambulance was driving passed. The young woman stopped the ambulance. I was unable to get out of the vehicle, due to how it landed and how tight my seatbelt was around me. The emergency crew had to cut my car open in order to get me out. As soon as I was out, they rushed me to the hospital. Later that evening they ran some blood tests and did MRI scans to evaluate my condition. To God be the glory, I had no broken bones, no scratches, no headache; I did not even shed any blood from that accident.
