Welcome to the November issue of Shout!

November was our month of Great Expectation in KICC, and we trust that as you held onto and continue to hold onto the Lord in prayer – God will exceed all your expectations. We give Him all the glory.

The KICC family is thanking God for exceeding our expectations as we celebrated the 20th annual Winning Women Convention.

We want to bless the Lord for His faithfulness and His goodness. It is our prayer that this ministry will continue to grow stronger and stronger and make more impact; reaching more souls, helping more homes, blessing more women, delivering more people, enlightening more minds and bringing glory to God.

We are now in our season of Fasting and Prayer: As the prophetic word has gone forth, this will be our Time of Visitation in the name of Jesus.

## KICC BASILDON: OUTREACH EVENT

This Essex-based Branch held an outreach event in Basildon Town Centre on Saturday, 28th October

### HEALTH AWARENESS INREACH

After its 12th November service KICC Basildon held a health awareness event for its members. Run by Synergy Elite Health, the event was open an opportunity to raise awareness about general well-being and health and for members to obtain advice on how to take care of their health.

Resident Min Tokky Ademoyero said:

"The Health Awareness Inreach was well-received by all who attended. KICC members were impressed with the Bio Age test carried out.

The Health Awareness Inreach allowed those who attended to reflect on their own lifestyle choices and understand how this may affect their health."

# KICC NAMIBIA

In October the winning Women of KICC Namibia held its Gala Dinner, Dress for Success, based on Isaiah 61.3.

# KICC MALAWI CHILDREN TAKE THE LEAD

KICC Malawi is living up to Proverbs 22.6. Its youngsters in Children's Church recently lead the main service, taking on various roles including intercession, worship and preaching.

# KICC THE LIGHTHOUSE

## A.M.E.N (ACHIEVING MEN EMPOWERING NATIONS) CONFERENCE

In celebration of International Men's Day, KICC The Lighthouse invited men of all ages on a journey of Self Discovery. This was a FREE interactive conference where men enjoyed the Caribbean Buffet, socialised and were equipped to claim and celebrate their calling as leaders, husbands and fathers. A huge thanks to our guest speakers, who spoke on Gods Design for Men, Overcoming Adversity, Business, Leadership, Mental Health, Prostrate Cancer and Parenthood to the 50 men in attendance.

## YOUTH TAKEOVER SERVICE

The KICC The Lighthouse Youth Ministry took over the Service – and it was a massive hit! It was also a great opportunity for the youth to 'own' church and for the rest of the church to see what our students are capable of and cheer them on.

## 'THE STRUGGLE IS REAL'

KICC The Lighthouse Youth Leaders held a Panel Discussion answering some of the big questions our Youths had on Love, Dating, Purity & Relationships. Youth said they felt empowered and clear on any blurred lines.

## THE PARENT OF YOUTH DISCUSSION

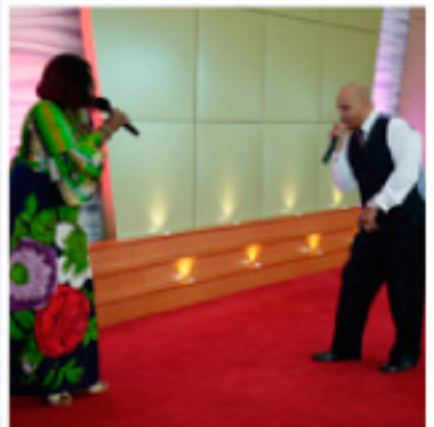

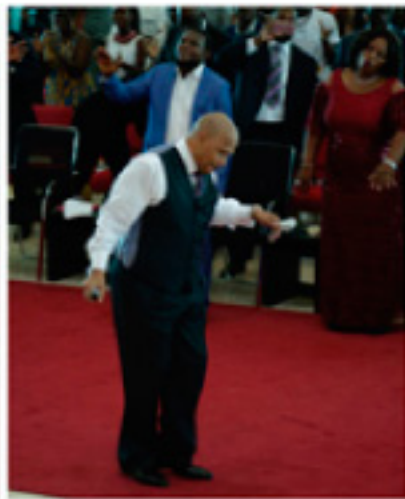

Following the stabbings of three teenagers, one fatally, on the same night not far from KICC The Lighthouse in Enfield earlier this year. The church decided to host an evening for all of those concerned about the current situation. Members, their friends and family attended the event, led by Mervin Cato, KICC The Lighthouse's Youth Leader (who is also employed by Enfield Council in Education working with the most hardest to reach young people in the borough).

This event was well received and gave parents an opportunity to openly share the struggles they are facing and receive sound advice, best practices and support.

# KICC GHANA WHEN CHAMPIONS GATHER

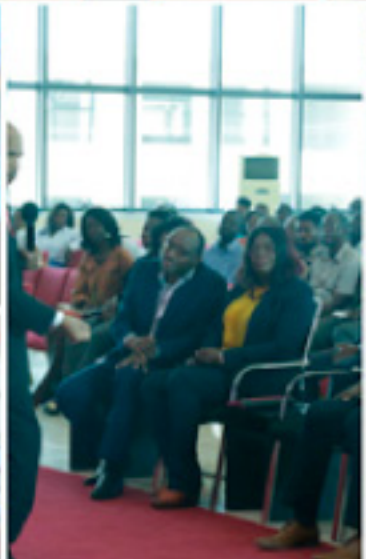

KICC Ghana's Annual Conference When Champions Gather (19th-22nd October) attracted hundreds to hear and be impacted by the Word. Themed Come to the River, Speakers were KICC Senior Pastor Matthew Ashimolowo and Bishop George Bloomer, Bethel Family Worship Centre, USA. Music ministration was by Pastor Helen Yawson, the KICC Praise Team, and Guest Artiste Florocka, Nigeria.

# NATURAL EVANGELISM COURSE - KICC PRAYER CITY

Andrew Hawkins, of the Philo Trust, led the Natural Evangelism training course at KICC Prayer City. The course is designed to give the skills required confidence to effectively share the Good News of Jesus Christ with the community.

The Philo Trust is a registered charity, committed to communicating the relevance of the Christian faith. Its Director is J. John, a Christian speaker and writer. It is the commitment of Philo Trust to show how faith in Jesus Christ is not only reasonable, but relevant and vitally important.

Speaker: Andrew Hawkins

# TESTIMONIES

## GOD IS FAITHFUL

I have already testified of God doing the miraculous for my husband and I. The doctors had said my chances of having children were limited because I had only one fallopian tube. God gave me two children in three years.

After my second child, doctors said I should not do any form of family planning so that I could get pregnant again quickly. However, almost three years went by and I did not get pregnant!

My husband and I went to see the doctor to complain. We went to church. One Sunday morning Pastor Chinedu declared that 'God has given a baby to some people here!' I received that word. Subsequently, I went to see the doctor and to my shock,

The moment my feet reached my gate, I could not move because of the pain. I had to be helped into the house. That evening I could not lie down, my family had to prop me up on a pillow and I sat up until morning. In the morning I was taken back to the hospital and doctors said there was a problem with my intestines.

People of God Jesus is alive, I am standing here because He made a way, He not only stopped the doctors from scheduling me for more surgery, He has healed me completely and made me whole. My child is now 13 months old.

Our God is God alone, He is a God who is merciful, kind and faithful!

the doctor said I was already two weeks pregnant - after three years!

In the first trimester I had terrible back pain; it made me unable to sit or stand for long. I was constantly lying on the floor. I had prayed all the prayers I knew and had been prayed for but there was no relief. Then one night I rose up to pray, I started worshipping and I felt someone walk into my room, it was the Holy Ghost....and that was the end of that infirmity and every other pregnancy related challenge! In fact, I enjoyed this pregnancy more than all others.

During the tenure of the pregnancy the devil kept on telling me that I would die. I told the devil he is an unrepentant liar. I had a smooth delivery but the day before I was to leave the hospital I developed terrible stomach pain. It made movement of any kind impossible. Doctors could not find anything wrong. I was given pain killers and the pain subsided. I was discharged and I went home.

## NOTHING MISSING NOTHING BROKEN

I got married in 2013 and got pregnant that same year but our joy was short lived as I had a miscarriage few weeks later. This ugly trend continued. I had four miscarriages in four years. Pastor Chinedu and mama kept saying "Nothing missing nothing broken".

Last year was a year of bumper release of prophecies into my life. Pastor Matthew had said to me 'Wait on the Lord, I can see your handsome son. It is done', and on another day Pastor Chinedu said: 'This is your year of remembrance'. I received all prophecies and kept on trusting God.

On 5th July I had severe pains in my abdomen, I was rushed to the hospital. After series of tests I was told I had an infection. The pregnancy test carried out came back negative so I was placed on very strong antibiotics tablets and injections for five days, after which the doctor prescribed a drug to force

my menstrual cycle because I hadn't menstruated after my last miscarriage.

My husband and I spent a whole day looking for this drug. I was frustrated. When I got to the last pharmacy I just heard myself asking for a pregnancy test instead of the medication. I used the test kit the next day just for fun. It was positive!! This was only a week after I tested negative at the hospital! We rushed to the clinic and the doctor was speechless. He told us to go home and return in two weeks.

We returned to the clinic two weeks later. I had a scan and we were amazed to hear a strong heartbeat. My baby was there all along despite the strong antibiotics.

The delivery was smooth and yes, I gave birth to a bouncing handsome baby boy. The God of jaw breaking miracles was with us all the way! THIS GOD IS TOO GOOD.

Brothers and Sisters keep trusting God, your testimony is SURE!!!

## GOD WILL MAKE A WAY

I would like to share my testimony, I travelled to Nigeria on a mission to pursue my calling and I was very sure in my spirit that my breakthrough would happen in Nigeria, not in London. I didn't know how God planned to do it but I left the UK in faith.

A week after I landed, things looked confusing and my plans didn't go as I thought - because God had other plans.

I was invited to a meeting by Fashion TV Africa, when I arrived at their office, I realised it was actually an interview. I got the job immediately after the interview.

I have never been so happy in a job before, I absolutely love it here! So far I have been in meetings with notable people in the country and I'm currently in the HR and Management Dept of Fashion TV Africa. The people I meet daily are people who would definitely be blessings to put my personal businesses in the right

direction. New ideas and new projects the Holy Spirit fill my heart here as there is so much need and opportunities in Nigeria. I have started a recruitment agency for the legal sector here already.

I have learned so much already and I believe God has put me here to learn and to take me to higher levels. I give God all the glory. He never fails.

## SUPERNATURAL OPENINGS

I first came to KICC Prayer city for the recent 7 Sunday Nights of Glory. That night was about Supernatural Openings. I was suffering with indecision about my university studies. I am an international student but my parents are permanent residents here in the UK.

After my foundation with the University of Northampton my parents told me they were looking for options for me to study elsewhere because they could not afford the fees here. I did not like the idea of going to another country, especially non English speaking one.

When the time for enrolment came, I did not enrol. I was about to have my visa curtailed because I am on a student visa. However, the declarations made during the service that night made me start to think otherwise. What really made the difference for me was when Pastor Mathew preached about discouragement, he said 'there's somebody confused'. That was me. I wanted to stay but I had no money. Ukraine was cheaper but I didn't want to go, and I had already missed the deadline for enrolment. And then I just got an email from the University of Northampton confirming my enrolment. Immediately I recognised the work of God, it was a miracle.

The Head of Finance has given me a payment plan - this is favour! This option should not be available to international students. I now have an opportunity to learn and get a degree here and work to help pay my fees.

Praise be to God.
