**H**ello and welcome to the next issue of Shout! April is our month of Doing Exploits.

As we stand on Daniel 11:32 which states: "... the people that do know their God shall be strong, and do exploits", we decree that we shall overcome hindrances in the name of Jesus.

You are the head and not the tail; above and never under. You overcome debts. God anoints your words. What you loose is loosed.

What you bind is bound. Wickedness shall not prevail over you or your family.

No man or woman will prevail over you. You are anointed with strength. Your hands will be made strong in battle. God will cause you to have an uncommon testimony in the name of Jesus.

You are blessed and highly favoured

# TESTIMONIES

## JEHOVAH RAPHA

**M**y brother was sick for quite some time before it was discovered that he had a kidney problem. He saw several medical practitioners but in October, the month of Abundance, I discussed the issue with my Pastor, who advised that we start having Holy Communion along with his medication.

I did that and to God be the glory, my brother is getting better by the day. I can testify to God's healing power. My brother have received Abundant Life.

## GOD IS OUR HEALER

**D**uring a Celebration Service Pastor gave a word of knowledge that there was someone in the service who had a lung challenge. Pastor encouraged the person to come out for prayers. Brother P said, he knew the word was for him but he didn't come out.

Brother P had been having pains and even noticed a lump - he'd gone for various tests and that week he was told it was cancer. Eventually Brother P confided in Pastor about his health challenges. He received prayer and counseling.

He started treatment, which including chemotherapy. Brother P was single at the time and the doctors advised him to bank his sperm as they said he would be infertile following treatment.

Meanwhile Brother P met a lady and they got married. He confided in her about his health challenges. Our brother could not afford to bank his sperm and following his treatment tests confirmed his sperm count was nil.

This lovely couple trusted God and our GOD, the mighty Healer, has indeed made our Brother whole! The couple has been blessed with a baby boy, who was dedicated on their first wedding anniversary.

## GOD IS FAITHFUL

**G**od has been Faithful to me in all areas of my life. I want to specifically testify of His divine guidance and direction especially in my career. I almost lost a patient of mine who was operated on and was bleeding to death.

I made declarations of faith and my patient, who was given up for dead miraculously stopped bleeding and was revived. She is alive and well today by the glory of God!

## JEHOVAH JIREH

**I** am a graduate but I have been without a stable source of income for several years. As a result I decided to become an Events Manager, specializing in Catering. I wasn't a KICC member but my fiancé was and after we got married I began attending KICC Akure with him. After some years as a Caterer, I needed to increase my income and help support our growing family.

I needed and wanted job in my area of training. as we now have a child, working with my Certificate became inevitable. I came to Power Hour to pray for favour. God

dropped an idea into my mind to approach the Governor of our state. With the leading of the Holy Spirit, I took courage and did as I was commanded.

Without knowing anyone, I approached the Governor but was turned back by his security, especially when they knew I didn't have an appointment. However, I stood my ground and refused to let it go. I kept rehis office and waited to see him. This continued for several days. One day the Governor came out of his office, he noticed me asked what the problem was. I told him: "I need a job." God showed me favour through him and I was referred to one of the Higher Institutions of Learning in the State. I was interviewed and given an appointment letter as a lecturer.

I bless God for giving me a New Song.
