Hello and welcome to this month's issue of Shout! We are sure that you have something to shout about. God has been so good to us and we are grateful. As a church we are thanking God for our Easter celebrations, evangelism opportunities, business events and testimonies that are all reflected in this month's issue. As we look ahead into May we decree that we are marching into grace, favour, goodness, kindness and the mercy of the Lord.

We are multiplying in abundant grace. God is granting us divine splendour. Blessings follow us; uncommon favour follows us. We will all grow in favour with God and man. We shall celebrate victory over all wickedness in the name of Jesus.

You are blessed and highly favoured

GOD'S TIME IS ALWAYS THE BEST

This is to glorify the name of the Lord for giving us another baby girl. During the pregnancy we went for our scan and we were given an Estimate Delivery Date (EDD). Five weeks before the EDD I went into labour. We were worried and had to rush to the hospital. The doctor said the baby was preterm but to God be the glory the baby was delivered perfectly on the third day. God's time is always the best. Man can only predict or try.

THE LORD IS OUR DELIVERER

I thank God and testify that He alone can save like He does!! My Husband was able to return home safe.

The Lagos state government ordered clean-up at the Abattoir as a lot of the people who bring cattle there to sell had started building shanties in the area and also selling drugs.

A riot ensued whilst my husband was there. God delivered my husband from a deadly mob. His car was thoroughly vandalised but he was able to escape alive and unhurt.

Our God in KICC was present with my husband and gave him uncommon rest and progress. He is still on the throne for us all.

THE LORD IS MY SHIELD

I could have lost my unborn child or even gone mad when I heard the news of my late husband's death but God strengthened me and gave me a new heart to go through the bereavement and childbirth.

I could have been made homeless with my children but God gave me a house fully paid.

In February 2013, I put in an application to renew my visa because I was on my late husband's one but my application was refused and we were asked to go back home. I appealed. Again it was refused. In 2016 I applied for my indefinite leave to remain and by His grace it was granted. However, my children were asked to go back home even though they were born in the United Kingdom. I kept holding onto the word in Isaiah 43:1 - 3 that 'He would shield and protect us wherever we are'.

During The River event in January, I applied for naturalisation. The Home Office stated that it would take a maximum of 6 months so, I kept

praying for the application to be granted and arrive early. By His special grace naturalisation was granted to all of us exactly one month after I submitted the application.

I want to let you know whatever you're going through be encouraged just like Joseph your pain, toil and disappointments are to get you to your dreams. Hold on to God's Word and He will see you through. Thank you Jesus.

JEHOVAH RAPHA

Last year my 3 year old daughter was diagnosed with bone cancer and a gallstone in her stomach. This led to her having tests, MRI scans, x-rays and a biopsy. My daughter was transferred to and from various hospitals before finally being transferred to Great Ormond Street Childrens Hospital.

Today, I testify that God has healed my daughter. The bone cancer and the gallstone in her stomach have completely disappeared. This is completely the LORD's doing and I give Him all the glory.

GOD IS FAITHFUL

I am testifying to the faithfulness of God's divine healing: Last year I visited my optician for my normal two year routine check-up. The optician informed me that he saw the early development of cataracts on eyes. They took no action but said "they would decide what to do when I come back in two years time. I immediately rejected his words and told him that it would be gone by the time I return. By the look on his face I perceived I sounded strange.

At The River, Pastor Matthew called those who had recently been diagnosed of early development of cataracts to come to the altar. I went forward and Pastor Matthew prayed for us. Sometime later I had an urge to go and get my eyes checked. The week I decided to go I received a voucher for a free eye check-up. What an amazing God we serve.

The optician thoroughly tested my eyes and announced that she did not see cataracts! Hallelujah. All glory to our Jehovah Rapha, The Great Physician, the I AM that I AM!

I thank God for His prophet, Pastor Matthew. I pray that the power of God on his life will not depart and that God will keep him and his family, in Jesus name! Hallelujah to Jesus Christ our Lord.
