KICC DOMINION CENTRE, GHANA

The Body And Soul Walk

Members of the Dominion Centre, Ghana embarked on its 12km 'Body & Soul Walk' in April. The day kicked into action with a hearty round of warm-up aerobics before embarking on the walk through the local community. Resident Pastor Andy Yawson said: "The purpose of this walk was to win souls for the Kingdom and get some exercise in the process. We used the opportunity to invite people to our Easter Sunday service and also distribute more than 5,000 pieces of Christian literature."

KICC GHANA: The Junction Mall Outdoor Festival

As part of the Easter celebrations, we held an outdoor music festival at The Junction Mall in Nungua, a suburb of Accra. The concert was on Easter Monday and included ministrations from the Dominion Centre Praise Team, Tehilla, Hymns Alive, Xpressions, and Pastor Helen Yawson.

The holiday crowd really enjoyed the event, which ultimately saw Pastor Andy lead people to accept Jesus Christ as their Lord and Saviour.

KICC MALAWI Marriage Summit

In a bid to strengthen marriages within the church, KICC Malawi held its marriage summit “Marriage: In it to win it”, with Reverend Patrick and Mrs. Semphere of Word Alive Ministries. Summit attendees received advice on a range of topics including the principles of marriage and personality traits. Couples also received awards as part of the event.

During the Easter weekend KICC Togo shared the Gospel with the local community through a Movie Night – gathering close to 100 people to watch The Passion of the Christ.

The following Day the church held baptismal classes, and on Sunday during its Easter service, “The Dawning of a New Day” 3 people were baptised to the glory of God.

2 DAYS OF WONDERS

In March KICC Togo held its first ever crusade: 2 Days of Wonders, hosted by KICC's Founder and Global President Pastor Matthew Ashimolowo led the powerful programme, which took place at the Terrain De Basketball, Stade Omnisports De Lomé. The power of God was present and people testified to receiving miracles, instant healing – we witnessed as the deaf began hearing.

CHRIST FOR THE RURAL NATIONS

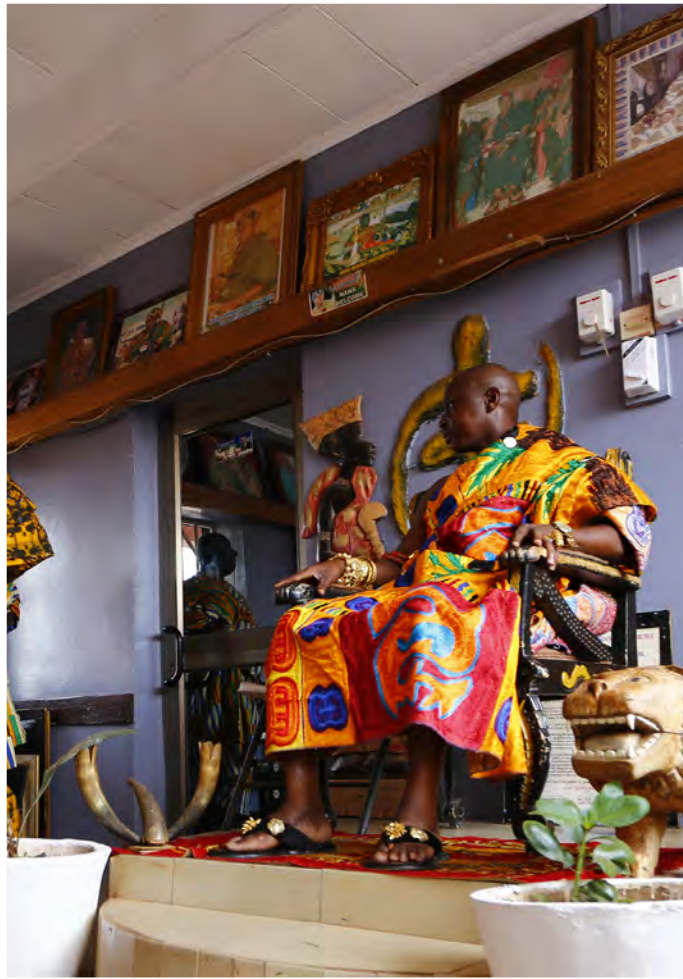

The Mission To Ahafo, Ghana

For the second year running KICC joined hands with the Charismatic Evangelistic Ministry (CEM), Ghana to deliver the Christ for the Rural Nations Crusade in April. As part of the effort to bring physical and spiritual relief to the people of the rural district of Ahafo, Ghana members from KICC in the UK and Ghana volunteered their time and expertise to facilitate the 5 day event. KICC also donated two 40ft containers of clothes and shoes etc...

Here is a word from some of the sisters and brothers who boarded planes and travelled several thousands of miles to bring souls into the Kingdom of God.

"Missionary work was always what I wanted to do, when Reverend Mensah came to minister at KICC last year I just knew that is what I was going to be doing." **Vera**

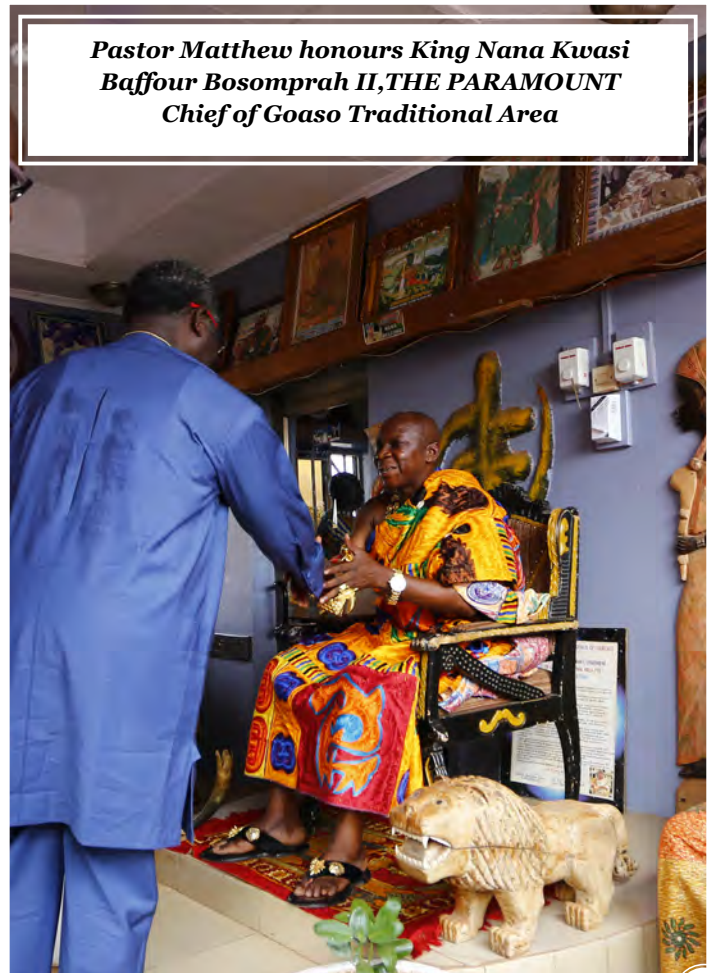

I marvelled at the way God was using his children.

*Through me a deaf and dumb lady was healed and a child's arm was straightened. Pray for yourself and allow God to use you to do something in someone's life." **Dee***

"Healing and deliverance in the evening service was the highlight for me. A brother and I were used to heal a young girl of deafness in one ear. I anointed another with oil and deliverance took place. It was a totally humbling experience and a must for everyone who considers themselves a Christian.

*As the Bible states, '... go ye into all the world and proclaim the gospel'. I think it is something that people ought to do. Go on a missions trip to challenge your faith! I have heard Pastor Matthew preach on the blood before, but this time it was different. Following that message, there was a spontaneous outbreak of miraculous and over 4,000 people gave their lives to Christ. **Fidelis***

MIRACLE WORKING GOD

I had an ectopic pregnancy and had to be operated on. After the surgery, the Doctor told me the ectopic pregnancy was found in my right fallopian tube so they cut and tied it. They said 'there is no way it can ever be patent again'. Throughout our Fasting and Prayer season I asked God to replace my right fallopian tube. The day Pastor Andy said 'God has released gifts, healing, including babies on the altar' I held the altar and prayed that God should give me total healing and replace my right tube.

I was booked at Korle-bu teaching hospital on 5th July for an HSG and X ray to show whether or not my left fallopian tube was patent. According to the Doctors, the right one was condemned. The Doctors were shocked by my results: that both the right and the left tubes were intact, patent and there was no sign that the right tube had ever been operated on.

The Doctors said, 'Well, we did the operation but God created you. We are not surprised He has replaced your right tube. This is a miracle! Oh magnify the Lord with me and let us exalt His name together. (Psalm 34:3) Praise God, for our God is still in the miracle business. Hallelujah!

THE BATTLE BELONGS TO THE LORD!

We are a young couple who spent the first one and a half years of our blissful marriage creating assets from our incomes. One of our major assets was acquiring two plots of land in a prime area in Accra. Although we had legal title to the land, the minute we started to develop it, the ownership came under dispute. Apparently, there was a dispute amongst the family that sold the land to our real estate agent. Because of its prime location the same land had been sold to another estate developer who had begun to build on it. They planned was to relocate us.

At one point it felt like we had to give – the other parties were financially stronger and more influential. However... just when we were at our wits' end, KICC Dominion Centre held its annual conference "When Champions Gather". During the conference Dr. Mike Murdock encouraged us to sow a seed. My wife and I encouraged each other to take a step of faith. So we came forward and sowed. Dr. Murdock declared that we have won every battle we were fighting. On the final day of the conference Dr. Murdock challenged 70 people in the congregation to sow a seed of \$8,500.

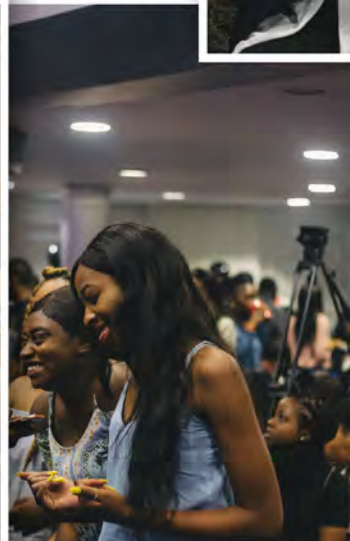

This was backed with Bible verse: God is not a man that he should lie Numbers 23:19. I told my wife 'this is a hard one'. She suggested we sow one of the plots of land as a second seed. We did and I thank God for my beautiful wife. Around the same time, my mother was diagnosed with memory loss due to depression. Things became very tough for us.

After days and nights in prayer God asked us to allow Him to take over, in order for Him show His Glory.

For the first time ever, on 22nd December 2016, I received a call from the family disputing possession of the land and property now built on it. They agreed to release everything. They said that I had already processed the paperwork and it would not be wise for me to relocate to another estate developer. They said that if the estate developer was not happy they would refund his money. In addition to this, the Doctors have confirmed that my mother's memory loss is no more. My God is not a man that He should lie. We thank God for these testimonies.
