BUSINESS BREAKTHROUGH

I had a big order to fulfil and sourced the goods from a particular supplier in Harare. I placed an order for 1000 units. When I arrived at the premises, the staff informed me that the owner of the store does not accept the local currency for big orders and payment would have to be in US dollars. On hearing this I became discouraged. I suddenly remembered something Pastor Phiri's wife had taught us on prayer; that we could pray at any time and in any

place. I walked away from the staff and pretended to be browsing. I said to Jesus "I need you now." As I was pacing and praying a gentleman came into the store who unbeknown to me was the owner. The staff told him about my order and he asked them to call me.

They then proceeded to inform him that I wanted to pay in the local currency. To all our amazement the owner simply responded "so what's the problem? She can pay in the local currency." Jesus, came through for me.

I was so relieved as I did not have the dollar equivalent and the order was to be fulfilled for my client in only two days. I thank God for his faithfulness and for being my real and present help. Thank you Pastor Nkulu for all faith building teaching we receive in KICC Zimbabwe.

PROPHECY FULLFILLED

when I started to experience severe headaches. I booked a check-up and the doctor certified me as fit to work. The company refused to take me back without giving any reason and the HR department stopped taking my calls. I realised that there was a possibility of me losing my job.

I started praying for God's intervention and in the first week of January 2020, God used Pastor Chinedu to prophecy, "If you did not lose your job last year, you will not lose it this year."

I shouted Amen! Keying into the prophecy. That month

God confirmed his word when the MD of the company sent me an email asking to have a meeting with me. When I attended the meeting the MD apologised and requested that I resume work immediately. God broke the vicious recurring cycle of losing jobs. Brethren, I share this testimony to the glory of God and to the shame of the devil. All praise to Jesus!

In every place I have worked, I would either be sacked or placed on redundancy just as the contract was about to end. This kept happening up until my present job. In 2019 I was due to start my second year on a contract

ABUNDANT LIFE

Picture posed by model

I lived in Japan for many years. In 2008 I planned a holiday to Jamaica. My scheduled change was in Dubai. While at the airport a man asked me my destination and I said "Jamaica." He advised me not to go.

I decided to purchase a ticket to London, however I did not have a visa. This became a serious problem at the check in desk. They thought I was a lunatic. I told them "I am going to London as the earth is the Lord's and the fullness thereof."

I was contacted by embassy staff who interviewed me. I

answered all their questions and was informed that my visa would be ready on my arrival in London. Glory to God. I called a friend who is a member of KICC and he came and collected me from the airport. While we were driving behind a bus, I saw a poster and asked my friend who the man on the poster was. He told me it was Pastor Matthew Ashimolowo. The next day I went to a KICC service.

During the service I sat next to a man who went onto introduce me to a professor. The professor helped me to register my company. This was completed within 3 days. I also received a call from a bank, as I had been recommended to them by the office that registered my corporation. After a 17 min meeting with the bank I was approved for an export trading loan. That loan was used to finance the export of malt drinks to Japan. God turned my life around in 6 days as a visitor to the UK and I have not found an auditing firm who has been able to tell me my actual worth.

To God be the glory, I now offer scholarships to over 5,000 students in Nigeria. I give my most profound gratitude to God Almighty and thank Him for Pastor Matthew Ashimolowo and for the service he renders to humanity.

DIVINE FREEDOM

After the birth of my first daughter I started to experience severe abdominal pain. I went to the hospital for various scans and examinations but they were unable to find anything. I became so worried and distressed that I searched the internet for information but could not find any answers. When I gave birth to my son the pain started again. This time I remembered what the Pastor preached about a time when his children had chicken pox and he declared the Word of God over their lives and anointed them and they received their healing. I decided that if God can do it for someone else's children, He can do it for me because I am His child.

I started praying to stop the pain and declaring the Word of God. One faithful night the pain was so severe that I started commanding the pain and everything causing the pain in my body to leave. After praying I went to bed and slept. It was then that I had a dream. *I was in church during the service when Pastor Matthew*

approached me, asked my name and said "God is asking me to tell you that the pain you have been feeling in your belly, He has removed it!"

I woke up and told my husband about the dream and I thanked God for the healing. Since that day I have not experienced or felt any pain. I am pain free and Jehovah Rapha my Healer has healed me. Glory be to God.

GOD OF THE MIRACULEOUS

I started bleeding 3 years ago after the birth of my last child. The bleeding would last up to 3 weeks and only break for 2 or 3 days. It was embarrassing and uncomfortable. I became anaemic and passed out at different times. I had smear and ultrasound tests Doctors said I had a growth called Endometrium Hyperplasia, was in the lining of my cervix. A biopsy was completed and the result was stage 1b Endometrial Cancer. The doctors scheduled me for a hysterectomy. At this point I felt overwhelmed. I was scared.

I thank God that in the midst of all this my husband had unshakeable faith. Pastor Chinedu and his wife prayed

for us and kept saying "we only believe the report of the Lord."

When my tissue sample was sent to the doctor who was to carry out the surgery, our God of 'nothing missing and nothing broken showed up.' The doctor sent a report back that stated he could not find any

cancerous tissue. At the same time the bleeding began to reduce. I was asked to report to the hospital and when I did I was perfectly ok. The bleeding had miraculously stopped! I truly believe there is nothing impossible for God, if only you will believe. Praise God!

SUPERNATURAL HEALING

I decided to go for a hearing test as my colleagues continued to point out that I was not joining in conversations at work. I normally like to keep quiet and get on with my work. When I went for the hearing test in December 2016, I knew that I was already hearing a slight noise, like a fridge humming, in my ears. I used to take medication prescribed to me by the GP to treat endometriosis and fibroids. Both medications helped with the pain. By 2016, I had stopped taking the medication and was free from the pain. I had also attended a prayer meeting where Pastor Matthew prayed for me. I believe I am free from endometriosis and fibroids. Little did I know that the medication could have side effects.

When I tried to find out the results of my hearing test I was informed that they had not arrived. By now, the noise in my ears was permanent. I had developed a rash on my neck and arms so I went back to the GP. I told them about the noise in my ears and showed them the rash. Once again I was told the results had not come back and was prescribed cream for the rash. I decided to keep pursuing the hearing test results but the GP kept saying they had not arrived. I was eventually sent to the company who tested me. They advised that my results had gone to my GP on the same day that I tested. I couldn't believe my findings. When I went back to my surgery, the GP was on now on holiday. I ended up seeing two more GP's. I made a complaint before I was finally told my results. I had been diagnosed with Tinnitus and hearing loss. This was six months after the original test was completed. On realising their mistake, I was urgently referred to my local hospital.

I was so angry. Why had the GP taken so long to give me results? Everything was a blur from that point

onwards as I went for lots of tests and appointments with my local hospital. Pastor Matthew has always told us to speak the Word of God into our situation. So every day I decreed that I would not believe the report of the doctors. I was given hearing aids to help me manage the Tinnitus. The GP and the hospital said that I would permanently lose my hearing as this condition was hereditary. I refused to believe that report as I had never heard of this affecting any family members. I decided to visit my home country Uganda. My family confirmed no one had experienced this condition.

To cut a long story short. I attended the Power, Praise, Possibilities and Prophetic services at KICC The Land of Wonders and when Pastor Matthew called people forward who were experiencing pressure or noise in their head I went forward. Pastor Matthew put his hand on my head and prayed, from that day the pressure started disappearing. I recently attended the Waterbrook Revival services and

again Pastor Matthew called people out for healing. I went forward and Pastor Matthew prayed for my healing. Hallelujah.

I can now hear without the use of any hearing aids. I am not deaf and have not permanently lost my hearing. The pressure in my head has gone. I am free. Thank you Pastor Matthew your messages are life and I believe in God now more than ever.
