TOPIC: VISION – WRITE THE VISION

TEXT: HABAKKUK 2:2-3, PROVERBS 16:3

INTRODUCTION

Vision is what we see, but it is also the way in which we see. Vision is the lens that interprets the events of our lives, the way we view people and our concept of God.

Your vision is a clear conception of something that is not yet a reality, but which can exist. It is a strong image of a preferable future.

In our study today we will be looking at the need to **“Write the Vision”**. Writing the vision down helps you remember what the vision is. It also gives you the “big picture” view to keep in front of you.

WRITE THE VISION.

In today’s fast paced world and endless activities, it is hard to keep our minds focused for long periods of time. It is therefore important to stay focused by simply adopting the method of writing things down and making a list.

1. Vision empowers you to see and pursue a desired tomorrow – **Jeremiah 29:11; Isaiah 46:10**
2. Vision determines your destiny; writing it down helps to chart the path – **Isaiah 55:11**
3. Life finds meaning where there is vision; which is documented – **Matt 16:17-19**
4. Only those who answer tomorrow's questions today can see significant breakthrough – **Proverbs 6:6**
5. You are as small or as great as your vision – **Proverbs 23:7**
6. You can only make sense of the future by vision – **Isaiah 40:31**
7. Your vision helps you to locate your place in the program of God – **Luke 15:13-16**
8. Vision helps you to innovate without waiting for problems (creative) – **Ephesians 2:10, Proverbs 22:29**
9. Vision helps you to find out God's plan; that's where your future lies – **Acts 18:9**
10. The vision you elevate, the ideal you talk about becomes what your life is built on – **Romans 8:9**
