

PROTECTED CONTINUED

During my 4 years with the organisation we've never been asked to complete such. To God's glory, my work hours have been reduced and I'll still receive my full pay. God be praised.

Two of my siblings have not been speaking for years. But to the glory of God, without the knowledge of the rest of us, they both agreed to meet up for a chat. To say I was excited would be an understatement. Our God is too much. My daughter bought her first car in July. It's the Lord's doing and it's so marvellous in our eyes. Today she had an accident on the M3 with the car. Although the car was towed away to the depot, my daughter is not in any way injured. All dominion belongs to the Most High.

I have been and continue to be blessed by both the Morning and Evening Glow. I cannot thank God enough for the prayer sessions particularly for the Morning Glow. I also thank God for Pastor Matthew for allowing God to use him to be a tremendous and continuous blessing to us all. More anointing on you Sir! Amen.

O.A

Praise the Lord! I would like to thank God for answering my prayer and favouring my son. We sent in his prayer request to move higher in his football career. He started training 2 weeks ago, after 4 months of lockdown and no training or coaching after just 2 days of training we received an email saying that he had been promoted to the next level - Advanced Development Squad. This can only be God and is a result of being around the altar for the Morning and Evening glow, now he is just 1 level away from the Academy. We believe the anointing that is flowing from the altar will give our son that Divine upward push.

Thank you Pastor Matthew for the Morning Glow time the children are still in bed but during

the day after they wake up we all sit together as a family and participate in the Morning Glow. We just want to tell you we love it when you pick all the prayer requests and hold it close to your bosom and pray with such burden it brings tears to our eyes.

Thank you for sharing about your childhood it makes the children grateful to God and privileged to have layers of clothes over their bodies. We love you Pastor, God bless you richly and abundantly and keep you in good health as you teach and lead many to our Lord Jesus.

DECEMBER 2020

THE GREAT PHYSICIAN

Picture posed by model

At the very start of lockdown, Sunday 22nd March to be precise, I started to feel unwell with a running tummy. At that time, I thought it was due to something I had eaten. However, that was followed by body aches, loss of sleep and loss of energy. By Monday 23rd, flu like symptoms – unbearable aches and pain, loss of appetite and barely able to get out of bed due to extreme weakness. I tried booking an online appointment with my GP to no avail due to the pandemic. I called 111 when the situation was getting worse but I was advised to take paracetamol every 3 to 4 hours, take fluids and rest at home unless I had breathing issues. My son was at home and kept telling me 'Mum, whatever you do, please do not go to the hospital – it's not safe there'.

I started holding on to God, using anointing oil and taking communion regularly. Just around the same time, Pastor Mathew started the Morning Glow which I held on to each day as the prayers are so powerful. One morning Pastor Matthew said "get up now, go and anoint your door posts". Although I had already done that before that time, I got up, barely able to walk properly and immediately anointed my door posts as instructed by the man of God. There and then, a miracle happened; my body started to regain strength (this was after one week of being in bed).

I started feeling better almost immediately and that

was the beginning of recovery to the glory of God.

I resumed my NHS job after two weeks of being at home. Shortly after that, the Covid_19 testing was rolled out to non-clinical NHS staff. I took the test and the result came as negative. However, when the anti-body test was rolled out to NHS staff early in June, I tested positive for the Covid_19 Anti-body test. This was confirmation that the illness I had at the start of lockdown was Covid_19. I could not help but think of what could have happened, especially being at risk as someone on blood pressure medication.

During this period God has also healed me from High Blood pressure. God in His mercy delivered me from Covid_19. Thank you Lord – Hallelujah!!!

I want to thank Pastor Matthew for Morning Glow and Pastor Yemisi for When Women Wait. Thank you for making such a difference during this pandemic. More grace in Jesus' name.

EXAM SUCCESS

Iwould like to thank Pastor Matthew for his prayers and teaching during the lockdown and beyond. I am a single parent and during lockdown I started to listening to Pastor Matthew and my faith has really developed and I am still growing.

In June I fasted and kept praying for my daughter's GCSE results because the exams were cancelled. My daughter goes to a private school and in order for her to stay on for sixth form to study A levels, she needed good results. I kept praying, however the week before the exams came out the national news kept publishing very negative information. I kept praying but I could feel doubts starting to kick in.

I kept listening to Pastor Matthew and praying. The first breakthrough I received was a pay rise and then the exams results came in. My daughters 10 subjects were all A's but not just A's my daughter had gained three 'triple' A's stars, four A's stars and three A's. My daughter's school has now awarded her with a full scholarship worth over £35,000 for the next 2 years.

Pastor Matthew God has used you to change my

thinking and the way I see God. I am giving thanks to God for Pastor Matthew.

I cannot stop talking about the goodness of God to everyone who is willing to listen. Glory be to God. Thank you Pastor Matthew, may God continue to bless you and give you the strength to carry on with His work. Thank you Jesus!

LET'S PRAY

had worked on my husband, without me nagging or harassing him about praying. Now, before we get out of bed to start our day, my husband will say, "let's say our Morning Glow."

I thank the Lord Jesus for what He has done in our home and through my husband, and how He has used Pastor Matthew with Morning Glow. It is truly a blessing.

Thank you.

Exodus 15:26 (NLT)

I have been listening to Morning Glow since it started. My husband believes in Jesus and will go to church with me sometimes. He knows I listen to as many live Morning Glow messages as I can, or I catch up later. My husband constantly hears Pastor Matthew's

messages in our home.

One morning we woke up and my husband said, "Shall we do our Morning Glow?" I understood it to mean 'let's say our prayers together before we start the day.' I calmly said "yes" and prayed. Inside I was bursting with excitement at how God

SUDDENLY HEALED

I recently noticed a large patch of blood in my right eye. I used healing prayers and informed my Caring Heart Fellowship (CHF), family who all prayed for

me. During the next Morning Glow service Pastor Matthew declared that 'the person with a problem in their right eye, be healed.' I immediately received my healing. On Friday evening at CHF I testified

how I was healed.

I thank God for Pastor Matthew, I am so grateful for my CHF family as it is great to have this weekly connection. I am also grateful for the Morning Glow services. I give all the glory to our Lord and Saviour Jesus Christ.

A MORNING GLOW BLESSING

Picture posed by model

For the last three days I have had a sharp pain in my heart. I took all kinds of pain killers but they didn't help. I watch Pastor Matthew every morning and night on TBN but it came to me that I should also join the Morning Glow service on YouTube. When I joined I found Pastor praying.

I put the phone on my chest and put my faith in the prayer that today the pain is going away.

After that when Pastor was closing the service I noticed the pain was gone. Thank you Jesus.

I live in the USA, and my sister who is a member of KICC lives in the UK. One day my sister sent me the link to the Wednesday Bible study with Pastor Matthew. I watched and listened as Pastor Matthew taught on restoration. He dealt with every area of my life, including restoration of wealth, health, business and the home.

In the middle of the message I received an alert on my phone that some money had been paid into my bank account through an organisation. At the end of the bible study, I checked my account and found out that someone had sent me a love gift. The gift came from someone I do not know very well as we met via another Bible study. I believed that God had placed it in their heart to bless me. It was from that moment that the restoration of my finances started. I am truly grateful for this testimony, confirming that God's Word is true. I believed every word Pastor Matthew said at the Bible study and prayed along as he prophesied. Thank you Lord for Pastor Matthew and the Wednesday Bible study. To God be the glory!

My family My family wants to bless the name of this great God that we serve for His divine protection amidst every other thing we know about and may not even be aware of.

In November last year, my daughter made a coach journey to Paris, but something happened and so had to return a day earlier. A few days later she found out the coach she was supposed to have returned in was involved in an accident.

Second time, again in mid-January this year, on her journey to work, their vehicle was hit by a lorry causing 3 out of all 5 of them in the vehicle to be severely injured and were unconscious. The roof of the vehicle had to be cut through to get some of them out. She was supposed to be sitting at the back, which received most of the impact, but ended up in the front instead. She and the driver got out with just bruises around the chest and shoulders and the others, but one have been discharged from hospital.

According to her, the vehicle could have

On 17th July Pastor Matthew prophesied that we'll have a "what is this testimony?" within 24 hours. I keyed into the prophecy very quickly. To the glory of God, I received my exam result that same day the 17th and it was indeed a "what is this result?" I cleared the whole marks. I was amazed and kept saying really? Amazing! Wow! This is indeed a "what is this result." There were 7 questions in all each of which entailed a lot of writing and I scored 7/7. I give God praise.

As the lockdown began to ease, we were asked to complete a return to work form indicating whether we'd like to return full time or part time. The week before then, I had wanted to discuss having a reduction in my working hours with my team leader. I want to attend a counselling course from September and I would not be able to do so working full time. The request to complete the form was so timely.
